Last year the Gentlemen's Sodality Dramatic Club presented "Damon and Pythias" with about this same cast. Modjeska, who was present at the performance, said of it: "I never witnessed a more successful amateur performance. The acting was admirable, and the interest in the difficult piece was strongly excited from the first and increased to the last. The costuming and scenery were in perfect harmony, and, taking it all in all, it was a representation of which not alone St. Ignatius College may feel proud, but also the members who participated."

George Hermance of the Grand Opera-house has charge of the piece. The instrumental music will be by the college orchestra.

A FOOTBALL FARCE.

It Will Be Presented by State University Students.

The students of the University of California during the past three weeks have been in active preparation for the presentation of the specially adapted farce, "The Football Commissioner From France," next Tuesday evening at Odd Fellows' Hall. There will also be specialties, including college witticisms, football gags and campus "joshes." The cast will be: Major Zoule, A. S. Chesbrough; Victor Dubois, R. W. Tully; Professor Crusty, J. B. Southard; Mrs. Crusty, E. B. Harris; Ucie, their daughter, L. L. Greene; Julie, M. H. Schwartz; Anna Maria, J. W. S. Butler.

The college students will make the show the occasion of a great football demonstration. One of the features of the evening will be the appearance of the California football team at the close of the first act. The rooters of the University, who have been practicing their prize football songs and campus slogans for the past two months, will be present in a body and the house will resound with ear-splitting choruses. The performance will be strictly collegian. The University's Glee, Mandolin and Guitar clubs will appear, and there will be an orchestra of thirty-five pieces.
